(Full Stack Web Developer)

## /summary

Hey! I'm Cyndi. I'm new to this web developing world. I attended the University of Washington full-stack web development bootcamp. I enjoy long walks on the beach, and binge watching the same 5 shows over and over. If you enjoy hearing quotes from movies and shows you should hire me!

## /work experience

### (job position)

COMPANY NAME

2011-2013

The **description** of an earlier job is very important for your CV, it highlights the job roles and experience that you have **undertaken** so far. The description should show the employers what kind of work you have undertaken, where you have done it, in addition to how **long**. Be sure to use a varied **vocabulary**.

- List or describe any important accomplishments or roles you had during your time in the company.
- **This is not a must-do, but is a nice way to show prior knowledge and experience.**
